

## To provide the best automatic PTFE tape winding solutions

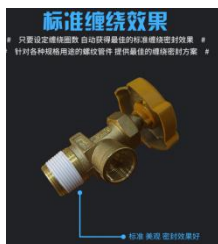

High quality PTFE tape is using for Automatic PTFE Tape Machine, suitable for all specification pipe fittings.

### 1. It will increase your productivity

-----high speed automatic winding efficiency, save time

----- one auto machine=5 workers, save money

### 2.High standard,widing effect is good. Sealing well ,avoid leakage, save all the trouble!

## Physical Properties:

Thickness:	0.10mm - 0.20mm
Density:	1.0g/cm <sup>3</sup> - 1.8g/cm <sup>3</sup>
Width:	5mm 7mm 10mm 14mm 17mm
Compostion:	100% PTFE
Temp.Range:	-190C - 260C
Pressure Rating:	up to 10,000PSI
Tensile Strength:	15N/mm <sup>2</sup>
Elongation:	Min 50%
